

HALLOWinter combines the best of the colourful autumn season with magical winter moments

Spooky fun and winter magic

Spooky and beautiful HALLOWinter season at Europa-Park

October 27, 2025

From 3 to 28 November 2025, Germany's largest theme park will be going wild in its anniversary year, combining two seasons at once. Snow-covered fir trees and colourful chrysanthemums will line the path, while the scent of freshly roasted almonds mingles with the delicious aroma of pumpkin soup. HALLOWinter combines the best of the colourful autumn season with magical winter moments, offering visitors a unique experience.

The spookily beautiful HALLOWinter season at Germany's largest theme park

Claus? Pumpkins or almonds? The HALLOWinter season is perfect for guests who don't want to choose and want to experience something extraordinary. Once again, Europa-Park is bringing together a diverse range of attractions and activities with meticulous attention to detail to create an experience that the whole family will enjoy. Guests of all ages can enjoy a varied programme of shows and over 100 attractions. On sunny autumn days, visitors can cool off on the Poseidon water rollercoaster or feel the wind in their hair on the Voltron Nevera, a multi-launch coaster powered by Rimac. And even on gloomy winter days, visitors can experience the same excitement and fun. In the new interactive 3D family attraction GRAND PRIX EDventure, guests can become part of Ed & Edda's racing crew, demonstrating team spirit and skill. Madame Freudenreich and her Gugelhupf-eating dinosaurs are taking the 4D Magic Cinema by storm: with fun 4D effects, MACK Magic brings the Dino Mates to life for the little ones, getting the whole family excited about the TV series, which is set to air on KiKA from January 2026. The Voletarium takes visitors on a flight of discovery over the continent of Europe. Spooky decorations and creepy music transform the Feria Swing into a Flight of the

Vampires and the Koffiekopjes spinning teacups ride into creepy 'Griezelkopjes'. YULLBE offers interactive virtual reality experiences in the blue fire Dome.

Breathtaking shows & tasty refreshments

The numerous shows are also a perfect way to warm up. After their huge success in recent years, Ross Antony and Paul Reeves are returning to the Globe Theatre to present their show 'Crazy Christmas – Our favourite Christmas songs' several times a day from 19 to 23 November. The other shows at the Ice Stadium, the Italian Open-Air Stage and Limerick Castle also promise the perfect blend of Halloween and winter, combined with the unique magic of the 50th anniversary of Germany's largest theme park. With everything from impressive artistic performances and a variety of dance and singing interludes to humorous sketches and impressive magic tricks, there is something for everyone.

If you need some refreshment between adventures, you can take a seat in one of the approximately 60 park restaurants and enjoy a wide selection of delicious delicacies. Guests can savour Asian specialities at the exotic Bamboe Baai, sample dishes from around the world at the SPICES restaurant, or enjoy a delicious coffee and cake in the cosy, Nordic-

style Kaffi Hús lounge. And those looking to get into the festive spirit can enjoy a cup of mulled wine during HALLOWinter.

Year-round water fun in Rulantica

At the Rulantica water world, visitors can escape everyday life all year round and enjoy unforgettable water fun. The indoor area features numerous slides, a huge wave pool and an exciting water playground, guaranteeing endless fun. On cool autumn days, Europe's largest speed slide, 'Vikingsløp', offers the chance to enjoy some exciting slide races. Even in the cooler months, the new heated Svømmepøl outdoor pool gives you that holiday feeling amidst a fascinating Nordic volcanic landscape. The Tønnevirvel water carousel is open all year round, offering visitors the chance to take a ride in round boats through crystal-clear water and enjoy a fun water fight. Those seeking relaxation can enjoy the exclusive Hyggedal sauna and wellness area.

An unforgettable experience that will stimulate all your senses, and overnight stays that are out of this world

Eatrenalin, the first restaurant of its kind in the world, located not far from Europa-Park, offers the most exciting dining concept in the world. During the two-hour experience, every detail is perfectly coordinated

to send the senses on a unique journey through different worlds of indulgence. The result is a multi-sensory fine dining experience of the highest calibre, tempting guests during the winter months with a new menu created by four two-star chefs.

From 21 November 2025 to 28 February 2026, the Europa-Park Dinner Show will take its guests on an unforgettable journey around the world. The unique combination of artistic mastery, live music, magic and comedy will ensure unforgettable moments. Guests will also be treated to culinary delights in the form of an exquisite four-course menu created by 2* Michelin chef Peter Hagen-Wiest.

After a day full of excitement and unforgettable moments, the park's own hotels, adorned with autumnal and wintry hues, and the rustic Silver Lake City offer the perfect opportunity to relax and unwind. Visitors can enjoy wonderful moments in the lovingly themed worlds of the 4* (superior) hotels. For the first time, all six hotels will be open during the HALLOWinter season. Their spacious wellness and spa areas promise pure relaxation for body and soul. Fans of the Wild West can dream of their adventures at Europa-Park, staying in log cabins or covered wagons. The new heated Western Houses offer a unique overnight experience.

During HALLOWinter, guests experience the best of two
seasons
